FOREWORD

This hobby of mine has given me a great deal of pleasure, and I want to assure you that I fully appreciate your co-operation and help. I have met many of the CLAN and corresponded with many more. I think you are all a fine bunch of folks.

This 1950 Edition will probably be my last. But I hope some one of the name will volunteer to continue the work of issuing annual Editions with the additions and revisions which are bound to come in such a project. It is well worth keeping on the go.

If any one will do this, I shall be glad to furnish a list of the "patrons" and to assist in any way I can. There are about 225 such Patrons.

Please let me know if you received the 1948 and 1949 editions. Also please acknowledge receipt of this 1950 Edition. I want to make a final check on my mailing list.

There being so many States, I have found it more convenient to file my correspondence according to the state in which they live, using the above list of states. I do the same with those living abroad [uncertain]. A cross index may be found necessary to locate the party.

**WETHERAL CLAN**

The suggestion that we form a Clan of the Family has met with some favor, and we hope something can be done to bring about some sort of an organization. However, I, myself, have been unable to do anything definite about it.

For the present, why not consider that we have such a Clan and let some of the younger members volunteer to serve as a "Committee of Organization" to work out the details for closer unity and to arrange for meetings.

If you will serve on such a committee, please let me know. I believe it can be done even by correspondence if the members live apart. It would be well though to have two or more in the same city to serve as an "Executive Committee" to meet on occasion and make arrangements for the meetings, etc.

I shall be glad to furnish the list of names and addresses. All can be circularized with such instructions as may be deemed most practicable. Send me your suggestions as soon as convenient. I shall be glad to do all I can to keep the project moving until we got it a reality.

One of the first requirements would be to raise a small fund to pay the preliminary expenses. This perhaps had better be by voluntary subscription; and the amount would be as determined by the Executive Committee.

I fully realize that there is much indifference because of so many other activities and organizations. But I would suggest that you consult the telephone and city directories in your home town and in other cities; call to see the folks or phone them whenever possible. You will meet some rebuffs, but do not let that discourage you.

Tell the folks about the Clan; it might arouse their interest so that some day, it will be a reality.

I have sent copies of the Editions to several libraries in the larger cities; you can tell the folks to look them up.

**MISC. INFORMATION**

I have included the following items because of their general interest and possible historical value.

CLIPPING FROM THE DURHAM COUNTY ADVERTISER, Apr 21, 1950

"Famous Hall at Washington, an American suggestion.

"Washington Old Hall, home of the ancestors of George Washington, first President of America, should become the Shrine and Mecca of the English-speaking peoples.

"Mr. Eric Underwood, founder of the American-British Commonwealth Association, has made this suggestion in an American newspaper.

"The Hall is now in a dilapidated condition, and though derelict, was visited by 543 Americans during the war. Mr. F. Hill, secretary of the committee for the preservation of the hall, says about 100 Americans visit it every year. The roof has been stripped of lead, but the walls are a yard thick and the committee has been assured that the building is not beyond repair.

"Mr. Underwood asks that an Anglo-American committee should consider the future of the Hall, and Mr. Hill so as that his committee will launch an allout campaign for its preservation this year."

Washington Village is in County Durham, about ten miles north of Durham City, and has a population of about 4700. It is a very pleasant and pretty village. I spent a couple of hours in it in 1947.

* * * * * * * * * * * * * * * * * * *

While I was in England I saw a tablet on the wall of the Cloister of the great Durham Cathedral about three feet wide and two feet high, of black marble, with the following inscription:

"REMEMBER IN THESE CLOISTERS, WHICH WERE FINISHED IN HIS DAY, JOHN WASHINGTON, OF WASHINGTON IN THIS COUNTY, PRIOR OF THIS CATHEDRAL CHURCH 1416-1446, WHOSE FAMILY HAS WON AN EVERLASTING NAME IN LANDS TO HIM UNKNOWN."

* * * * * * * * * * * * * * * * * * *

I also saw the following tablet on the Congregational Church in Carlisle; "THE MOTHER OF THOMAS WOODROW WILSON, PRESIDENT OF THE UNITED STATES, WAS BORN IN CARLISLE. HER FATHER THOMAS WOODROW WAS MINISTER OF THIS CHURCH."

VAUX HALL

Mrs. Marietta Wetherill, of Albuquerque, New Mexico has sent me a letter she had received recently, which contains some brief notes about Vaux Hall. This is an estate of about 300 acres situated above Norristown, Pennsylvania, between the Schuylkill and Perkioming Rivers.

The house and other farm buildings were built of stone, by a Quaker named Vaux, of French descent, who came from London, England. During the War of the Revolution, Vaux, being a Quaker would entertain General Howe and other British officers, and also General Washington and his officers. But of course not simultaneously.

The estate was in full view of the encampment of Valley Forge.

In 1813 it is stated, that the estate was bought by Samuel Wetherill for its lead mines. He was the one who made the first white lead in America in 1762.

In 1825 the estate came into the Wetherill family. In 1843 William Wetherill rebuilt the house on the original foundations.

The estate was at one time owned and occupied by the naturalist, John James Audubon. His father had acquired the property during the war and gave it to John in 1798.

Sent by Mrs. Ira Tranter, #H-1.6143. of Franklin, Indiana.

In the county records of Culpepper County, Virginia; Sarah Weatherell married Oliver Garnett, there early; have no date but Oliver's older brother was born in 1736; Oliver was third child.

A Jacob Weatherall asked for a pension for services in the Revolutionary War, in Kentucky 1818. He was living in 1828.

Catherine Reese, born January 29, 1788, married William Guthrie in Scott County, Kentucky. A Guthrie estate was settled in Culpepper County, Virginia by a Weatherell as executor, but he had refused to serve.

CLIPPINGS

I have found some old clippings, giving an account of the progress made on the buildings for the Centennial held in Philadelphia, Pa., in 1876. There is no name of the paper but it may be from Chester or Philadelphia, Pa., and dated 1875.

On the backs of these were some funeral notices and the names mentioned may be of interest.

"WEATHERLY; on the 22nd instant, Adele C. infant daughter of T. Ogden and Adele C. Weatherly, age 4 months. Funeral at home of parents 2419 Spring Garden Street."

"[illegible]; on the 22nd instant, Paula, daughter of James C. and Matilda Wetherill, and granddaughter of the late Joseph and Wilhelmina Hent, age 14 months and 14 days. Funeral at residence of her uncle Benjamin C. Weeks, 811 South Front Street. Burial in Union Burrying Grounds."

"[illegible]; seventh month, 23d, 1875, Rebecca R. daughter of John and Eliza P. Wetherill, in the 8th year of her age. Funeral from residence of her parents in North Chester. Carriages will meet the train leaving the depot, Broad Street and Washington Avenue, for Chester at 12:30 P.M."

In the November 1949 issue of THIS is an article about branding animals and a cut of a poster:

"E. H. Witherell, Post office address, Prescott, Arizona, cattle and horses branded as shown in cuts. A liberal reward will be paid for the return of any estrays to my ranch. I also wish it understood that no monkeying with my stock will be tolerated, and any person who seeks, off my ward, to illegitably increase his own, will have the hot soup of justice everlastingly pumped into him."

At Mesa Verde, a high-walled mesa covered with a forest of pinons and cedars always green, in southwestern Colorado are many of the best-preserved cliff buildings in America. One day in 1888, Richard and Alfred Wetherell, searching for lost cattle on the Mesa Verde, pushed through some dense growth on the edge of a deep canyon and made a great discovery. Tucked under a great shelf were the walls and towers of what appeared to be a palace. They named it Cliff Palace. Later search disclosed the fact that Cliff Palace rose to eight levels, contained over two hundred living rooms, twenty-three kivas or ceremonial rooms, and many storage spaces. It had a subterraneous entrance. ****Scientists say the Cliff Dwellers lived there as early as 700 A.D. and as late as A.D. 1276. At one time there were probably 70,000 of them.

An 88 year Tulsan and archeological explorer died Thursday. He was the first person to sight Cliff Palace in Mesa Verde national park, in the southwest corner of Colorado. He died at his home.
Mr. Wetherill, who made the discovery of the ruins left by the cliff dwelling Pueblo Indians, who inhabited it in 1270 A.D. had tried unsuccessfully for years to interest the government or the state in his discovery.
He and his brothers, who were with him when the discovery was made, set out to protect, excavate and reinforce the old building ruins. They worked the ruins for 20 years before the government took over to make a national park out of it. Most of the credit for the discovery and subsequent development went to others. These wills, their peculiar spelling and punctuation and liberal use of capital letters gives us much information on the way the name was spelled by different members of our family. Christopher in the early days was spelled Christofer. Giles who died an old man in 1604, spelled his name Gyles Weatherill. Our first known Christopher spelled his name Watherell. He died in 1622. Thomas who died in 1672 spelled his name Wetherell. He was Christopher's son. Christopher who came to America in 1683 according to his will spelled his name Wetherell; his sons Thomas and John spelled theirs according to the same will Whetherill. It seems that later generations dropt the first "h" and spelled their name Wetherill; or as far as the descendants of Thomas and John Wetherill are concerned.

It seems that Thomas Wetherill got the bulk of his father Christopher's estate of which I have ample proof as Christopher had much land in four counties of New Jersey. The Scattergoods seem to be well cared for, as Christopher's daughter Phebe marries Thomas Scattergood, I suppose the others named were their children. John it seems did not fare so well, and he was blocked by the will from taking action against same.

FAMILY INFORMATION:

I wish I could impress upon your minds the importance of gathering information NOW from the older members of your families. Ask your grandfather and grandmother about their parantage, dates, locations etc. And also about all names connected with the family. Make a complete memorandum of all this in your family records. It might not seem urgent now, but some one will want it later.

Even public and church registers are sometimes lost or destroyed. So a record of all such data can well be copied for the information of your posterity.

That is where your ring binder with blank sheets is very useful.

B1 Cont.

William of Scituate is supposed to be the uncle of William Wetherell, of Norton, Mass. See List C1- etc. They both came from Maidstone, Co Kent, England. It might be possible to obtain information about their ancestry by writing to the Mayor, or Vicar of the Church of England at Maidstone. Their registers might show more about the families.

WITHERELL, of NORTON, MASS. From printed charts sent by Charles W. Witherell, #C1-8:12, of Weedsport, N.Y. "Descendants of William Witherell (1630-1691) William Witherell came from England as a Cabin Boy with William Dunn, Master of the vessel in 1640, and is called the first of the name in America by several authorities. (this is evidently a mistake as records show that the Rev William Wetherell, who was born in 1600, and came from Maidstone, England, was at Charlestown in 1634. In 1638 he was at Duxbury and served as minister. In 1644 he is found at Scituate as minister of the Second Church, where he died April 9-1684. The Rev William was undoubtedly an uncle of William the Cabin Boy.) He built the first house in Norton, Mass in 1669. Married Dorothy ___ before 1650, and had four children. He was Sergeant and wounded in the Narraganset Swamp fight, Dec 19-1675. Birthplace is supposed to be Taunton, England. Died at Norton, in 1691."

The family listed #E4- belongs to this line. See also the references to the members of this family in the miscellaneous items throughout all editions.

Additions and corrections sent by Reuben W. Wetherill, (D5-10.6) of Phila, Pa. Walter Lee Sheppard, (11:4) of Phila, Pa. Lee S. Rogers Wetherill, (11:10) and others.

The families in lists No. D5-1949 and Z9-1948 all stem from the same Gyles (or Giles) Wetherell, of Stockton, Co Durham, England. D5-2.1 [(1949) William; is the same as Z9-1.13 (1948)]

1.1643 Elizabeth; B-Aug 15-1923.

Note. Emma Abbot Wetherell, the opera singer married a cousin of No. 1.16 Eugene Wetherell, a brother of the pharmacist Munson L. Wetherell of Gloucester, Mass.

Miss Wetherell writes that the family descended from William Wetherell -(Cl-) the first settler in Norton, Mass. I have recently received some information regarding this line; briefed as follows:

1;1 William Wetherell (or Witherell) of Norton, Mass.
Son 2;1 William II; B-abt 1650. M-Elizabeth Newland.
" 2;2 John; B-1684. M-Susannah Newland.

Could it be that John II would be the Great Grandfather of the first Charles F 4 above?

Miss Wetherell writes that a "Historical and Biographical sketch of the Wetherell, Wetherill family" from Washington, mentions a John Wetherell Jr. born October 8-1688, and said to have been the first child born within the limits of Norton, Mass. He married Hannah Brintnall before 1715 and had five or more children.

His home address was then listed as Hopkinsville, Kentucky. I remember he was married but do not know if any children. At that time would have guessed him to be in his early forties.
